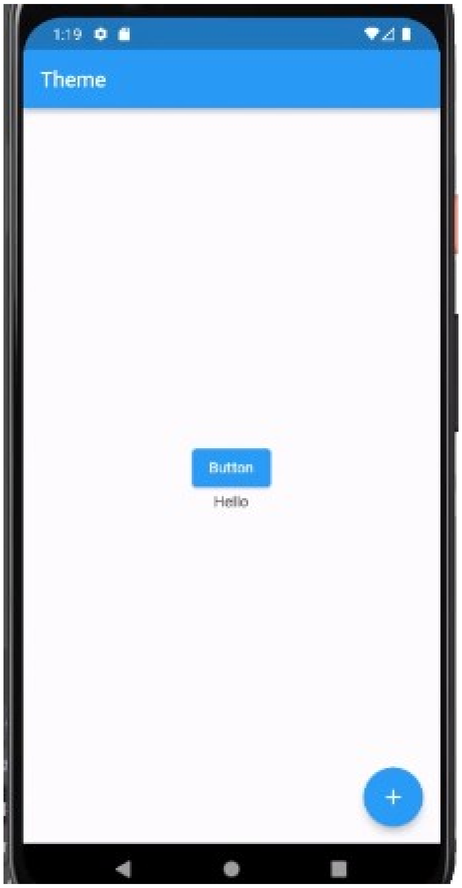
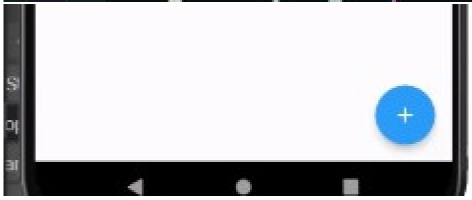
Thema

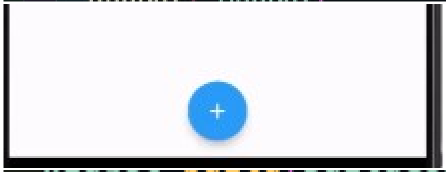


Awal thema

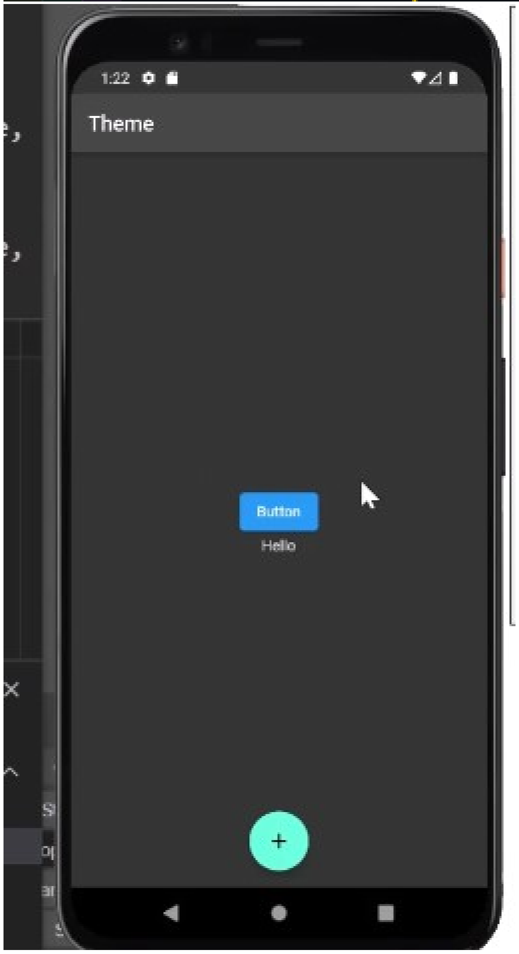
```
home: Scaffold(
  floatingActionButton: FloatingActionButton(
    onPressed: () {},
    child: Icon(Icons.add),
  ), // FloatingActionButton
```



```
return MaterialApp(
  home: Scaffold(
    floatingActionButton: FloatingActionButton(
      onPressed: () {},
      child: Icon(Icons.add),
    ), // FloatingActionButton
    floatingActionButtonLocation: FloatingActionButtonLocation.centerFloat,
    appBar: AppBar(
```

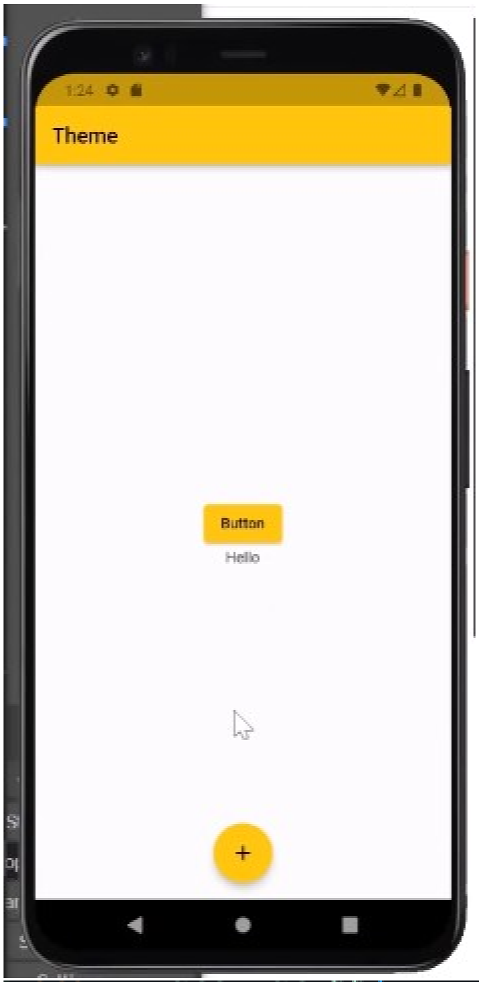


```
  return MaterialApp(
    theme: ThemeData(
      brightness: Brightness.dark,
    ), // ThemeData
```

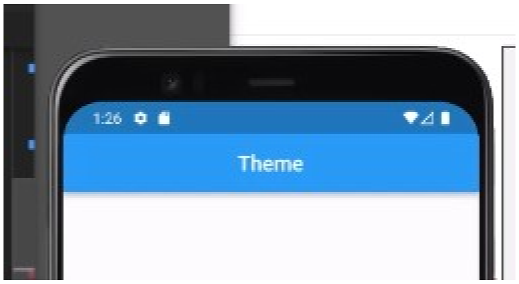


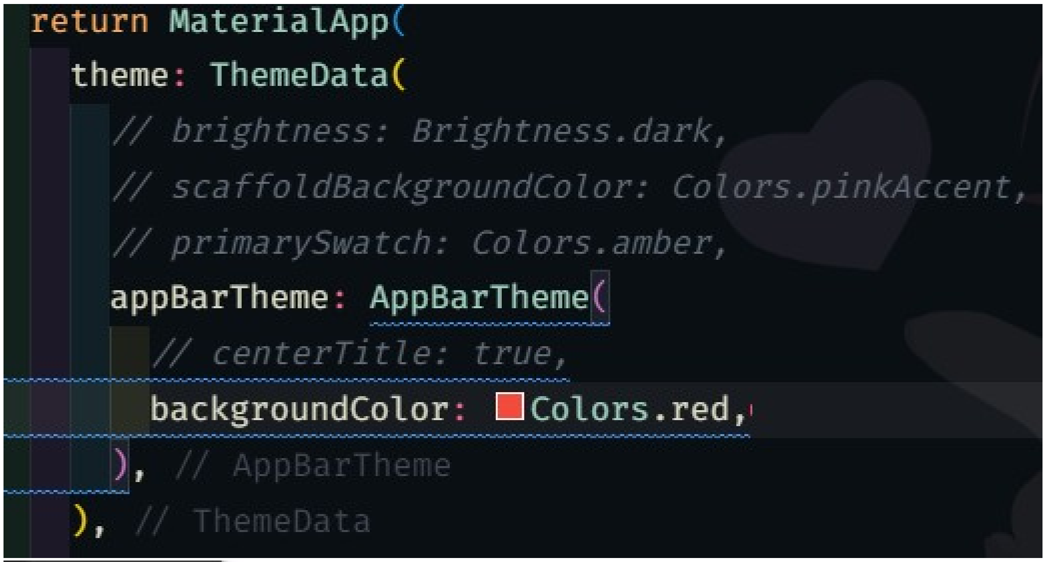
```dart
theme: ThemeData(
  // brightness: Brightness.dark,
  scaffoldBackgroundColor: Colors.pinkAccent,
), // ThemeData
```

```dart
return MaterialApp(
  theme: ThemeData(
    // brightness: Brightness.dark,
    // scaffoldBackgroundColor: Colors.pinkAccent,
    primarySwatch: Colors.amber,
  ), // ThemeData
```

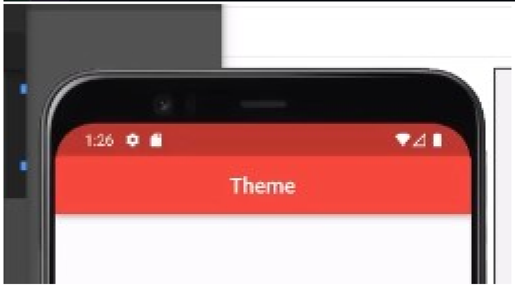


```
theme: ThemeData(
  // brightness: Brightness.dar
  // scaffoldBackgroundColor: C
  // primarySwatch: Colors.ambe
  appBarTheme: AppBarTheme(
    centerTitle: true,
  ), // AppBarTheme
), // ThemeData
```





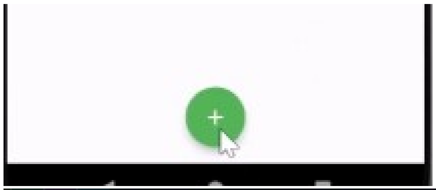
```
return MaterialApp(
  theme: ThemeData(
    // brightness: Brightness.dark,
    // scaffoldBackgroundColor: Colors.pinkAccent,
    // primarySwatch: Colors.amber,
    appBarTheme: AppBarTheme(
      // centerTitle: true,
      backgroundColor: Colors.red,
    ), // AppBarTheme
  ), // ThemeData
```



```
      backgroundColor: Colors.red,
      foregroundColor: Colors.green,
    ), // AppBarTheme
```

Tulisan pada appbar

```
return MaterialApp(
  theme: ThemeData(
    // brightness: Brightness.dark,
    // scaffoldBackgroundColor: Colors
    // primarySwatch: Colors.amber,
    // appBarTheme: AppBarTheme(
    // centerTitle: true,
    // backgroundColor: Colors.red,
    // foregroundColor: Colors.green,
    // ),
    accentColor: Colors.green,
  ), // ThemeData
```



```
    elevatedButtonTheme: ElevatedButtonThemeData(
      style: ButtonStyle(
        backgroundColor: MaterialStateProperty.all(Colors.orange)),
    ), // ElevatedButtonThemeData
  ), // ThemeData
  home: Scaffold(
```
